

TOMAX - The Future is Now

Powered by **D3MINDS**

The Ultimate
Manufacturing Intelligence Software
To Maximize Profitability

Tomax Digital

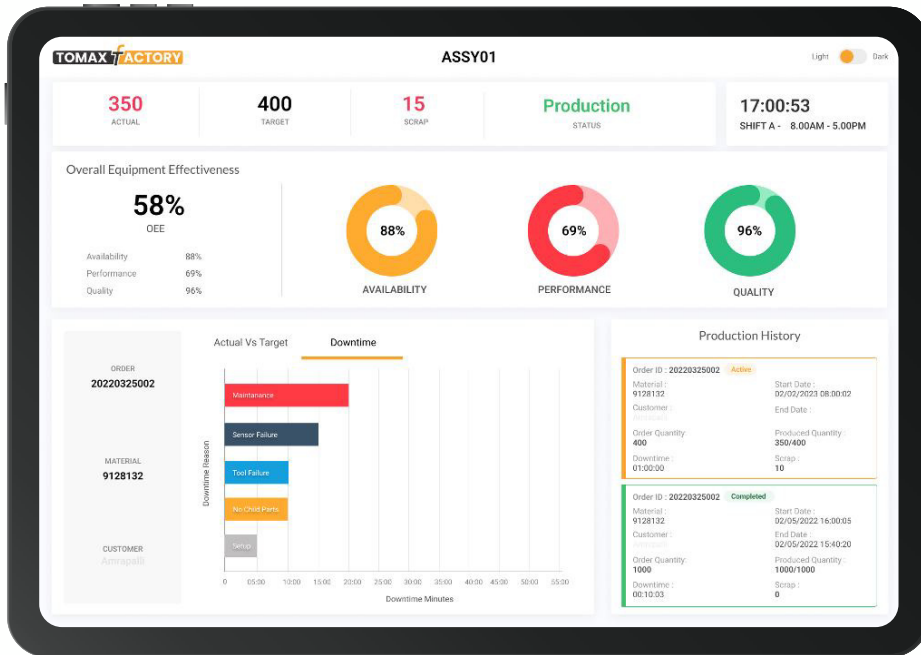

Elevate Your Manufacturing Excellence
with End to End Digital Thread

- Scheduling
- OEE improvement
- Lean Manufacturing
- Inventory Control
- e-Kanban
- Track and Trace
- Continuous Improvement
- Quality Control

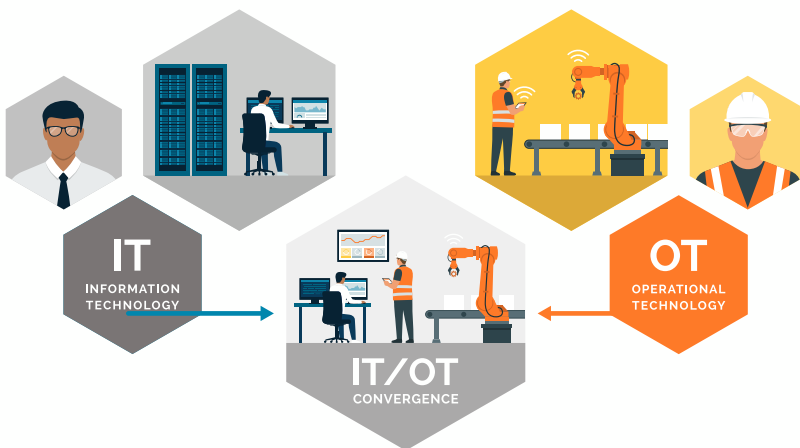

Tomax Operations Management

- ✓ Production Scheduling
- ✓ Production Control
- ✓ Maintenance
- ✓ Conditional Monitoring
- ✓ OEE & KPI Dashboards
- ✓ Track and Trace
- ✓ ERP Integration

Monitor, Control and Maintain your manufacturing operations with the **Tomax Control Tower**.

Connect your entire manufacturing process with a digital thread using powerful **IIOT platform**.

- Visibility**
- Performance**
- Increased uptime**
- Eliminate waste**

Empower your frontline with the right data at right Time
