Why Choose Brother?

A trusted global leader in labelling innovation

For over 30 years, Brother has been at the forefront of labelling technology. Since creating the world's first electronic label printer in 1988, Brother has continued to develop ground-breaking labelling solutions which are renowned for their unsurpassed quality, reliability, and cost-effectiveness.

Today, Brother remains dedicated to those core values while delivering innovations in wireless connectivity and mobile productivity across its broad range of professional labelling solutions.

As a result, Brother labelling offerings aren't just the most dependable solutions in the world, they're also the smartest.

Benefits of Brother Labelling Solutions

Maximise your savings

The greatest costs for any labelling solution, is the replacement of faded labels. Brother's laminated label technology results in incredibly durable labels which are protected against liquids, abrasion, heat, chemicals and sunlight, helping to significantly lower your costs and save valuable time.

Easy for anyone to use

With user-friendly menus, print templates and shortcuts, Brother label printers help you create high quality labels with ease. What's more, the free Brother iPrint&Label app allows you to effortlessly connect to compatible Brother labelling solutions and start printing labels with just a few taps.

World-class servicing support

All Brother labelling products are backed by our world-renowned service and support which offers free maintenance for label printers within the warranty period. With our extended service programs, you can continue to enjoy the same levels of assurance beyond the standard warranty period.

Corporate Solutions

Whatever your needs may be, Brother has the answer. As a leader in labelling and printing innovation, Brother offers a broad range of laminated, thermal and mobile solutions for customers in the healthcare, finance, retail, education, government sectors, and more

Laminated Solutions

Designed for ultimate durability, Brother TZe labels are protected by clear laminated film to provide an incredibly robust finish. Brother's laminated solutions are ideal for applications that are exposed to abrasion, extreme temperatures, water, chemicals and sunlight.

Thermal Solutions

With no ink, toners or drums to replenish, and minimum maintenance requirements, Brother's thermal labelling and mobile printing solutions offer greater reliability, cost-efficiency and unmatched versatility for today's businesses.

Mobile Solutions

Empower your business with the ability to print high quality documents anytime, anywhere. Brother's range of sleek and lightweight printers fit easily into briefcases or backpacks, and can be powered by rechargeable batteries, AC adapters or even vehicle power adapters.

APPLICATIONS

Electrical & Automation

Brother's labelling range allows electricians and technicians to create professional identification of cables, switch panels, patch panels and distribution boards – all using durable laminated labels that come in different sizes and colours suited to your industrial needs.

PT-E850TKW

Tube Marking

By linking your Brother tube printer to a database, you can effortlessly print high-quality PVC marking tubes for massive cable marking jobs. What's more, Serialised Printing allows you to automatically print continuous serialised numbering without having to manually key in the entire range.

Automation Panel

Brother labellers allow you to create incredibly durable labels that minimise errors and speed up troubleshooting. With the Cross-ID function, you'll only need to key in the "A/B" information for both "A/B" and "B/A" to be automatically printed, helping you cut down your manual inputs by half.

PT-E110VP

Warning Signage

Ensure optimal workplace safety with highly-visible warning signages and safety instructions. With Brother label printers and laminated safety labels, you can print durable UV and chemical-resistant warning labels in eye-catching fluorescent yellow or orange.

APPLICATIONS

Telecom & Data Communications

Designed to deliver high-quality, durable laminated labels that withstand abrasions, water, spills, heat, cold and other harsh environments, Brother is the preferred choice for the installation and identification of voice and data cables in the telecom and datacom industry.

Panel Identification

Brother labelling solutions allow you to quickly create a continuous label across a patch panel by simply measuring the centre to centre spacing with a ruler. For larger, multi-location installations, field technicians can also transfer templates from Microsoft® Access® or Excel® databases.

Structured Cabling

A professionally labelled structured cabling system helps to simplify troubleshooting and ensures compliance with the latest industry standards. With wireless connectivity and award-winning cable labelling apps, Brother P-Touch machines help to dramatically streamline the cable labelling process in the field.

Rack Identifier

As the scale of today's telecommunications and data centres grows, so will your need to clearly and reliably label each cabinet and rack. With its fade, temperature and abrasion resistant labels, Brother offers an incredibly durable labelling solution that outlasts the competition.

PT-E550WVP

APPLICATIONS

Manufacturing

Throughout the manufacturing process, labels are subjected to the most extreme conditions. Brother's durable laminated labels remain affixed and clearly legible even when constantly exposed to high-pressure steam, grease and lubricants, abrasion, grit, grime and many industrial solvents.

Tracing Labels

Streamline the traceability of manufacturing lots using QR code labels instead of manually recording the details of each production step. Brother allows you to effortlessly create QR code tracing labels on-demand, making it easy to track manufacturing lot details if faults are reported, and to identify which lots are affected.

brother BROTHER INDUSTRIES, LTD.

Calibration Labels

Ensure the accuracy and precision of your measurement tools to minimise errors and reduce costs. Brother labelling solutions are ideal for creating durable, laminated calibration labels that remind users of the next maintenance date for their precision equipment.

brother

Brother

Filter RF014...B/B Part Number: BA 8400960-1-1

Next Maintenance Date: August 15th, 2023

5S Labels (Workplace Organisation)

Eliminate waste in your workflow and reduce downtime across your factory floor. Brother labelling tools make it easy to create professional, long-lasting maintenance, warning and instructional labels, as well as identification labels for your parts and tools to ensure everything in the workplace is well organised and ready to use.

PT-P900W

— Count on Brother's industrial-quality labelling solutions for use in tough warehouse conditions. Tested to resist chemical exposures, extreme temperatures and abrasion, Brother's laminated labels stay secured and legible on even the most challenging of environments.

APPLICATIONS

Warehouse & Logistics

Shipping Labels

Whether you are a small online business owner or a warehouse manager, Brother's range of labelling solutions offer the performance and connectivity options to accurately and effortlessly print high-volume shipping labels on-the-go.

Air Waybills (AWB)

Create, edit and print documents that conform to international freight standards. Brother label printers allow you to easily print air waybills that include information about the shipper, the cargo and its destination for effective tracking along the way.

QL-820NBW

Shelf Management

Prepare your warehouse with shipping, tool crib, safety, bin, and other labels that ensure clear, precise organisation for every shelf. Brother's handheld labelling solutions can be integrated with select asset management tools to import tags from an existing database.

APPLICATIONS

Healthcare & Laboratories

Brother laminated labels are ideal for the healthcare industry where labels are constantly being exposed to chemicals, abrasions, and extreme temperatures. For added security, we offer tamper-evident materials to reveal if a calibration or security label has been meddled with.

Asset Management & Calibration Labels

Keep track of valuable hospital equipment and safeguard their accuracy. Brother labelling solutions help to clearly identify your assets and remind you of servicing and calibration dates, ensuring that all equipment is kept in optimal working condition.

Prescription Labels

Printed prescriptions are faster and more legible than handwritten ones, and most importantly, they help to reduce human errors. Brother labelling solutions allow you to print prescription labels with clear instructions on durable labels that resist water and fading.

Health Status Reports

Brother's A4 mobile printers allow paramedics and first responders to print patient details such as blood pressure or test results on the go. These health status reports are vital in helping the hospital's emergency team better understand the current situation before administering further assistance.

PJ-763MFI

APPLICATIONS

Hospitality & Hotel Management

In the fast-paced hospitality industry, Brother's labelling solutions will maximise your operational efficiencies so you can focus on delivering the perfect guest experience. From hotels, to events and dining operations, you can count on decades of renowned reliability and innovation to help you stay ahead of the competition.

Food Safety

QL-820NWB

Strict regulatory rules mean that F&B businesses must be able to display expiry labels for food catering, delivery and take-outs, as well as thawing duration labels for frozen food. Brother's flexible and robust food labelling solutions help businesses improve compliance in a highly efficient and cost-effective manner.

Name Badges

Create professional-looking name badges on-demand even without access to a computer. Ideal for trade shows and conferences, Brother labellers allow you to quickly print personalised staff/visitor names, logos and even pictures with minimum fuss.

Food Labels

From food safety labels, to inventory and asset management, Brother professional labelling solutions are ideal in helping you meet ever-changing regulatory compliance initiatives. Our labelling solutions can be used to create food safety labels that you can easily and quickly adjust to reflect emerging requirements at the push of a button or through Wi-Fi/Bluetooth connectivity.

APPLICATIONS

Public Safety & Emergency Services

Public safety and emergency service professionals require intuitive and easy-to-use mobile printing solutions that aid them in their jobs. Most of all, these solutions must be robust, portable, and extremely reliable to handle the tough operating conditions out in the field.

PJ-763MFI

Citations and Fines

Quickly and reliably print full-page or smaller format invoices, labels, delivery reports, and more. With wired and wireless options available, Brother mobile printing solutions come in various mount configurations designed for in-vehicle and carry scenarios.

Tattoo Stencil Printer

The tattoo industry is always looking for new ways technology can assist to create better quality tattoos faster, cheaper and with more precision. The PJ-7 does all this by reducing the time involved in the stencilling process of tattoo creation. This has already shown great success overseas.

PJ-763MFI

Patient Reports

Brother's range of compact and portable printers with optional battery for mobile operations allow emergency service professionals to print patient reports on-the-go. With the ability to print documents in sizes up to A4, there's always a Brother solution to suit your hospital's criteria.

PJ-763MFI

APPLICATIONS

Field Operations

From on-location maintenance to pest management, the need for mobile printing in the field is growing. Brother mobile printing solutions provide extremely reliable portable printing and labelling solutions with effortless wireless connectivity for sales and service professionals on the go.

Maintenance Reports

Writing lengthy maintenance and repair reports in the field can be a tedious and time-consuming affair. Brother mobile printing solutions are built to withstand the harsh demands of field service work, allowing you to quickly and accurately generate reports directly from your mobile devices.

PJ-763MFI

Route Accounting

Designed to reduce shrinkage, minimise errors, and better manage inventory, Brother's compact, wireless and rugged mobile printing solutions will help you to effortlessly generate sales receipts, customer invoices, new order documents and more – wherever and whenever they are needed.

Pest Control Documents

Extend the productivity of your entire pest control fleet with Brother's mobile printing solutions. Our compact and field-tested wireless thermal printers are ideal for printing full page inspection reports, as well as bait mapping and compliance documents onsite.

PJ-763MFI

APPLICATIONS

General Business Applications

QL-820NWB

Packed with the latest technologies and innovations, Brother labelling solutions help global businesses and organisations alike to quickly and efficiently create versatile, durable and cost-effective labels for a wide range of needs.

Visitor Management

Make the perfect first impression for visitors to your office, school, event or seminar with professionally printed visitor badges. Brother labelling solutions work seamlessly with third-party software providers to create labels that help to easily register, track and identify visitors.

File and Folder Identification

Available in a wide range of widths and colours, and laminated to resist the wear and tear of handling over the years, Brother label tapes are perfect for identifying the contents of file folders, archive files, filing cabinets, or even USB flash drives.

Asset Tags

Effortlessly identify every asset in your organisation by creating professional and easy-to-apply asset labels. Brother's range of label printers and durable laminated labels help businesses quickly and effectively label IT equipment and other assets with clear and lasting details.

TZe Strong Adhesive Laminated Tape

For smooth, rough, textured and powder coated surfaces. With 3 times more strength on textured surfaces than Brother standard laminated label on the average.

Recommended for:

- Warning signs and notices
- Distribution boards
- Consumer units
- Control gear and switch gear
- Electrical sockets and faceplates
- Electrical trunking and conduits
- Solar panels
- EV car charging points
- Racks
- Ports
- Patch panels
- Equipment and Telecommunications outlets

TZe Flexible ID Laminated Tape

With a specially formulated adhesive to wrap securely around wires and cables with a diameter of 3mm or larger. Barcodes and other detailed information can be included on the cable flags.

Recommended for:

- Electrical wires and cables
- Power cords
- LAN cables (patch cord or permanent link)
- Computer cables (USB cables and data cables)

TZe Self-Laminating Tape

Provides a protective layer over the printed area for cable marking. A cost saving solution where text is laminated during printing and can use 24mm tape for larger diameter of CAT6A cables

Recommended for:

- LAN cables (patch cord or permanent link)
- Computer cables (USB cables and Data cables)
- Power cords

∅ 3.0mm - 6.6mm (24mm), ∅ 3.0mm - 10.4mm (36mm)

TZe Security Laminated Tape

When the label is peeled, it leaves behind a checkerboard pattern indicating that the label has been tampered with.

Recommended for:

- Equipment after calibration
- Computers or electronic devices
- Company property and assets
- Items sealed for security

STe Stencil Tape

Non-adhesive tape used as a mask to permanently mark (etch) conductive surfaces using electrolytic marking chemicals and equipment.

Recommended for:

- Use on metallic surfaces
- Permanent part marking
- (e.g. aerospace industry, motor industry, manufacturing, medical or healthcare)
- Product marking and customisation (e.g. scissors or knives)

In Brother We Trust

Over the years, millions around the world have grown to recognise Brother as a brand that can be depended on time after time. At Brother, our commitment will always be to put our customers first, which is why we remain dedicated to you far beyond the purchase dates of our products. This is reflected in the outstanding service and warranty that you will enjoy with every Brother product.
